I got a gal named Caroline,
Down where the watermelon grows.
One of these days she's gonne be mine
Down where ...
She's the girl that I admire
She's the gal sets my heart on fire.
To marry her is my desire
Down where ... (chorus) yodel

A funny wedding happened on our street
A boy named Oats and a girl named Wheat
As they marched down the aidle, you see
The organ played in a minor key.
It played "What Will the Harvest Be?"
(chorus) yodel

Chorus: (measure 5 - 12)
Down where the watermelon grows.
How I love her nobody knows.
I always go to see her in my Sunday morning clothes
Down where the watermelon grows.
